

# **Data Leading to Action: From Chaos to Clarity**

**January 19 and 20, 2009**

**Room 2H – Winnipeg Convention Centre**

## **Objectives:**

- 1) Combine and utilize data to inform planning and decision making – program, policy and strategic – at the community level
- 2) Identify, combine, consider and apply sources of evidence relative to community needs identified by the data
- 3) Continue to build relationships & common ground between organizations who are interested in promotion of healthy living in their communities

## **Monday, January 19, 2009**
